

**"Networking in immunity"**

**Thursday March 30, 2017**

11.00 Welcome and Introduction by Esther de Jong

**Session I Immune – stromal cell networking during development**

Chair: Esther de Jong

11.15 **Graham Anderson**, Birmingham, United Kingdom  
"The ins and outs of T-cell development in the thymus"

12.00 **Martijn Nolte**, Sanquin, The Netherlands  
"Back to the roots: Networking T cells in the bone marrow"

**12.45 Lunch**

**Session II Networking: a question of balance**

Chair: Rudi Hendriks

13.45 **Michelle Linterman**, Cambridge, United Kingdom  
"Follicular regulatory T Cells and the germinal centre response"

14.30 **Bart Jacobs**, Rotterdam, The Netherlands  
"Post-infectious nerve inflammation: consequences of disrupted networks"

**15.15 Tea break**

**Session III Cells on the move**

Chair: Monika Wolkers/Wilfred Germeraad

16.00 **Alessandra Cambi**, Nijmegen, The Netherlands  
"Dendritic cell mech-nanobiology"

16.45 **Jaap van Buul**, Sanquin, The Netherlands  
"How leukocytes breach the vessel wall: the diapedesis synapse"

**17.30 Drinks and Dinner**

**Evening lecture**

Chair: Jose Borghans

20.00 **Ron Germain**, NIAID, Bethesda, United States  
"Imaging immunity: Developing a spatiotemporal understanding of host defense and disease"

**21.00 Party**

## "Networking in immunity"

### Friday March 31

#### **8.15 'Meet-the-speaker' breakfast sessions**

##### **Session IV DCs go all the way**

Chair: Annemiek van Sriel

9.00 **Sophie Acton**, London, United Kingdom  
"Dendritic cells control lymph node expansion "

9.45 **John Haanen**, NKI Amsterdam  
'Adoptive T cell therapy: What do T cells recognize on cancer cells?'

#### **10.30 Coffee break**

##### **Session V Networking: immune cells outside their comfort zone**

Chair: Sander Tas

11.00 **Burkhard Ludewig**, St. Gallen, Switzerland  
"Stromal cell - B cell interaction"

11.45 **Reina Mebius**, Amsterdam, The Netherlands  
"Antigen presentation by lymph node stromal cells"

#### **12.30 Lunch**

##### **Closing lecture**

Chair: Maaïke Rensing

13.15 **Michael Dustin**, Oxford, United Kingdom  
"The immunological synapse and the syntax of immune cell communications"

14.15 Closure by Esther de Jong
